

Dear Palmer ISD Family,

Obviously, these are different times that we are in. Our staff has been working hard this week preparing work for our students that will keep their minds engaged during this time that we are closed.

Teachers have two ways in which they can send your child's work:

For those students in high school and middle school who have internet access, the initial access to their lessons will be sent through student email and students will turn them in online. Most of our teachers will be using Google Classroom. The students will be emailed a code to join the teacher's class if they haven't previously joined the class.

For everyone else, your child will receive mailed packets to complete.

I urge you to spend time with your child while they work to complete the assignments. For elementary students and those in high school and middle school without internet access, when your child completes all of the assignments, please return them in the postage paid envelope. But don't stop there! Make sure your child has books to read and goes outside for physical activities everyday.

I just want to remind everyone that we are serving a FREE Breakfast and FREE lunch to all students and children that live in your home. They do not have to be enrolled in Palmer ISD. Please go to our website and check for details.

All of this said, the work will roll out and begin on Monday. We would like to treat this like the first day of school. Please post pictures of your first day of online or remote school on our Facebook page with the hashtag [#followthebigdog](#).

Sincerely,

Kevin Noack

Superintendent

Palmer ISD
