

Registering with Aetna and Printing an ID card.

<https://www.aetna.com/>

Choose "Login"

If you have never registered before, choose "Register"

If you do not know your Member ID, you can register using your SSN

Under "See Coverage & Costs" Choose "ID Card"

Choose "View ID Card"

From here you may print, save or order a new ID card

Downloading the Aetna Mobile App will allow you to have access to your ID card on your phone 24/7

How do I get started?

To use the app, you have to be registered for your secure member website.

Download the app

We have three ways to download the app:

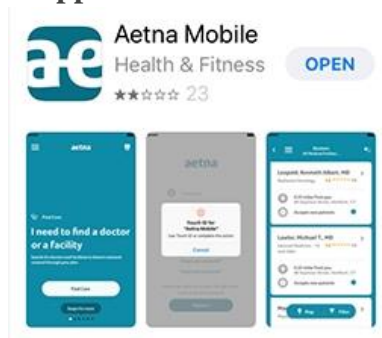

- Text **Apps** to **23862** (data and messaging rates may apply)
- Scan the QR code at the bottom of the page
- Download from Google Play or the App Store. See screenshots below for more detail.

Android Users

The screenshot shows the Google Play Store listing for the Aetna Mobile app. At the top, the Aetna logo is displayed next to the text "Aetna Mobile" and "Aetna Life Insurance Company". Below this, there is a green "INSTALL" button. The listing includes several icons: a "500 THOUSAND Downloads" badge, a "3.1" star rating, and icons for "Health & Fitness" and "Similar" apps. At the bottom, there is a "READ MORE" link.

Apple Users

The screenshot shows the Apple App Store listing for the Aetna Mobile app. At the top, the Aetna logo is displayed next to the text "Aetna Mobile" and "Health & Fitness". Below this, there is a blue "OPEN" button and a "23" star rating. The listing includes three screenshots of the app's interface: a search screen, a "I need to find a doctor or a facility" screen, and a list of providers. At the bottom, there is a "READ MORE" link.
